

# STATE OF NEVADA

Department of Conservation & Natural Resources

DIVISION OF ENVIRONMENTAL PROTECTION

Brian Sandoval, Governor

Leo M. Drozdoff, P.E., Director

Colleen Cripps, Ph.D., Administrator

## NOTICE OF PROPOSED ACTION

Web Posting Date: 07/07/11

The Administrator, Division of Environmental Protection, Carson City, Nevada is issuing the following notice of proposed action under the Nevada Revised Statutes. The Administrator has received a complete renewal application for a water pollution control discharge permit (NEV92021) from the following applicant:

Eagle Valley Golf Course  
3999 Centennial Park Drive  
Carson City, Nevada 89706

The Eagle Valley Golf Course proposes to use treated effluent supplied by the Carson City Wastewater Reclamation Plant (NEV90008) for irrigation of the Carson City municipal golf course. Reclaimed water is treated to meet secondary standards; the reuse water is partially de-nitrified and disinfected with chlorine prior to distribution. The Eagle Valley Golf Course is authorized a maximum combined flow rate of 3.0 million gallons per day (MGD) for use at the East and West courses. Groundwater and discharge monitoring requirements are required to assess the quality and quantity of effluent applied, and to ensure that groundwater quality is protected.

On the basis of preliminary review of the requirements of the Nevada Revised Statutes (NRS) as amended, and implementing regulations, the Administrator proposes to reissue a permit to discharge, subject to certain effluent limitations and special conditions. The permit for this facility will include sampling requirements to assure maintenance of the state ground water quality standards. The proposed permit will be issued for a five (5) year period.

Persons wishing to comment upon or object to the proposed determinations by the Administrator regarding permit issuance, or request a hearing pursuant to the Nevada Administrative Code, Water Pollution Control, should submit their comments or request, in writing, within thirty (30) days of the date of newspaper publication notice. However, the Administrator can, by this notice or with discretion, extend the comment period. All materials being submitted must be hand-delivered, e-mailed, faxed or postmarked no later than 5:00 P.M. PST, or PDT if in effect, on August 9, 2011, the close of noticed comment period, to:

Department of Conservation and Natural Resources  
Division of Environmental Protection  
Bureau of Water Pollution Control  
901 S. Stewart St, Suite 4001  
Carson City, Nevada 89701-5249  
**ATTN: Permit # NEV92021**

The request must be filed within the comment period as noticed and must indicate the interest of the person filing the request and the reasons why a hearing is warranted. All comments or

objections received by 5:00 PM up through the comment period date, as noticed herein or as extended by the Administrator, will be considered in the formulation of final determination regarding the application. If written comments indicate a significant degree of public interest in the proposed permit, the Administrator shall hold a public hearing. A public notice of such hearing will be issued not less than thirty (30) days prior to the hearing date.

If no hearing is held and the determinations of the Administrator are substantially changed from the tentative determinations, the Administrator will give public notice of the revised determinations. Additional comments and objections will be considered at that time. The application, proposed permit, comments received, and other information are on file and may be copied or copies may be obtained by writing to the above address or by calling Sam Stegeman, Bureau of Water Pollution Control at (775) 687-9538, or via e-mail at: [sstegema@ndep.nv.gov](mailto:sstegema@ndep.nv.gov). The Water Pollution Control office fax number is (775) 687-4684. The fact sheet for this permit can be viewed at the following website: <http://ndep.nv.gov/admin/public.htm>

Please bring the foregoing notice to the attention of all persons whom you know would be interested in this matter.
